

## From 1/1/2005 To 12/31/2005

### Program

- 108-999-05-001-L01 - SSRI Use in the Young and Old
- 108-999-05-002-L01 - Xolair: The Role of Anti-IgE Therapy in Asthma
  
- 108-999-05-004-L01 - Guiding Antibiotic Therapy in the Intensive Care Unit
  
- 108-999-05-005-L01 - Alzheimer's Disease: Background, Diagnosis and Management
  
- 108-999-05-006-L01 - Resistance and Treatment Options in Community-Acquired Respiratory Tract Infections
- 108-999-05-023-L01 - Staph Aureus: Hit Hard/Hit Early
  
- 108-999-05-025-L01 - The Management of Patients with Acute Coronary Syndromes
- 108-999-05-024-L01 - Sleep Disorders for the Pharmacist
- 108-000-05-026-L01 - Pain Management Update
- 108-000-05-007-L01 - Clinical Pearls
- 108-000-05-007-L01 - Clinical Pearls
  
- 108-000-05-008-L04 - Integration of Personal Digital Assistants (PDAs)
  
- 108-000-05-009-L01 - Appropriate Use of Intravenous Proton Pump Inhibitors
  
- 108-000-05-015-L04 - High Cost Drugs: Forecasting and Managing Cost Drivers
  
- 108-000-05-016-L04 - Joining Together to Implement Safe Medication Practices
- 108-000-05-020-L01 - Drug Allergies and Cross Sensitivities
- 108-000-05-021-L01 - Critical Care Therapeutics
- 108-000-05-022-L04 - ASHP/VSHP: History In The Making
- 108-000-05-010-L01 - New Drug Update
- 108-000-05-011-L01 - Update on 7th ACCP Consensus Conference
  
- 108-000-05-012-L01 - National Cholesterol Education Program Guidelines Update
- 108-000-05-013-L04 - The Art of Active Listening
  
- 108-000-05-014-L01 - Safe Medication Use in Pregnancy and Lactation
- 108-000-05-017-L04 - Professionalism Among Technicians
  
- 108-000-05-018-L01 - Multiple Sclerosis: Challenges & Advances In Treatment
  
- 108-000-05-019-L03 - The Drug Approval Process, Drug Safety, and the FDA
  
- 108-999-04-060-L01 - Women and Heart Disease: Assessing Coronary Artery Disease in Women
  
- 108-999-05-027-L01 - Advances in Hormonal Management of Breast Cancer
- 108-999-05-028-L01 - Biologics in Rheumatology- Facts and Fiction
  
- 108-999-04-064-L01 - The Role of Prostaglandin Inhibitors in Pain Management
- 108-999-05-030-L01 - Childhood Immunizations
- 108-999-05-029-I01 - Insulin Therapy Update: 2005

108-999-05-032-L01 - Appropriate Use of Erythropoietic Therapy for Chemotherapy-Induced Anemia  
108-999-05-033-L01 - Current Issues in the Rational Use of IVIG

108-999-05-032-L01 - Appropriate Use of Erythropoietic Therapy for Chemotherapy-Induced Anemia

108-999-05-031-L01 - A Novel Idea: Physician/Pharmacist Collaboration in Chronic Pain Management

108-999-05-034-L01 - Optimizing the Use of Colony Stimulating Factors Through Therapeutic Equivalence  
108-999-05-050-L01 - Update in Antifungal Therapy

108-999-05-049-L01 - Respiratory Syncytial Virus (RSV): Treatment and Prophylaxis in the Pediatric Patient

108-999-05-006-L01 - Resistance and Treatment Options in Community-Acquired Respiratory Tract Infections

108-999-05-051-L01 - Understanding and Managing Insomnia in the Hospital Setting  
108-999-05-052-L01 - New Approaches in Neuropathic Pain Treatment  
108-000-05-035-L01 - Update on New Anti-Infectives

108-000-05-036-L02 - Difficulty in Opportunity: Treatment Strategies for Opportunistic Infections in HIV  
108-000-05-037-L01 - Atypical Antipsychotics: Clinical Update

108-000-05-038-L01 - Acute Coronary Syndromes: An Update and Review of Current Guidelines

108-000-05-039-L03 - Medicare Modernization Act (MMA) in a Nut Shell

108-000-05-040-L04 - A Patient's Perspective from a Healthcare Professional

108-000-05-041-L01 - What's New in the Prevention and Treatment of Osteoporosis  
108-000-05-042-L01 - Urology Update

108-000-05-047-L04 - Increasing Patient Safety with Bar Code Technology  
108-000-05-043-L01 - Update on Immunizations

108-000-05-044-L01 - Management Strategies for Breast Cancer: Focus on Treatment and Care

108-000-05-045-L01 - Pharmacological Strategies to Achieve Optimal Glycemic Control  
108-000-05-046-L04 - Budget Impact Models- An Introduction  
108-000-05-048-L01 - Chemical and Biological Terrorism Preparedness

108-000-05-054-L04 - Important Challenges in Hospital Pharmacy Practice

108-999-05-053-L01 - The Interaction of Pain, Addiction and Psychiatric Co-Morbidities  
108-999-05-056-L01 - Management of Type 2 Diabetes Mellitus  
108-999-05-055-L01 - Safeguards for Serious Infections

108-999-05-057-L01 - Review of 2005 HAP/VAP/HCAP Guidelines on Management of Antibiotic Therapy

108-999-05-051-L01 - Understanding and Managing Insomnia in the Hospital Setting

108-999-05-058-L01 - New Tools in the Management of Lipid Disorders – Utility of VAP Scores and hsCRP
